[Docket No. EG99-120-000]

#### Geysers Statutory Trust; Notice of Application for Commission Determination of Exempt Wholesale Generator Status and Request for Expedited Consideration

April 23, 1999.

Take notice that on April 22, 1999, Geysers Statutory Trust (Applicant) filed with the Federal Energy Regulatory Commission (Commission) an application for determination of exempt wholesale generator status pursuant to

Part 365 of the Commission's Regulations.

Applicant is a Connecticut statutory trust which was formed for the benefit of Steam Heat LLC, a Delaware limited liability company, to purchase from Geysers Power Company LLC (Geysers Power) and hold legal title to the Geysers geothermal generating facilities, fifteen geothermal power electric generating plants totaling approximately 766 MW, and to lease the Geysers geothermal generating facilities to Geysers Power under a long-term lease.

Applicant states that fourteen of these generating facilities were part of Pacific Gas and Electric Company's integrated system. Therefore, a rate or charge in connection with these generating facilities was in effect under the laws of California on October 24, 1992. On April 6, 1999, the Public Utilities Commission of the State of California (CPUC) mailed a final Opinion Granting Requested Authorization, D.99-04-026, which concluded that allowing these facilities to be an exempt wholesale generator within the meaning of PUCHA would benefit consumers, would be in the public interest, and would not violate California law. Applicant attached a copy of the CPUC D.99-04-026 to its application.

Applicant further states that copies of the application were served upon the California Independent System Operator Corporation, the California Power Exchange Corporation, the Securities and Exchange Commission, and the CPUC.

Any person desiring to be heard concerning the application for exempt wholesale generator status should file a motion to intervene or comments with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). The Commission will limit its consideration of comments to those that concern the adequacy or accuracy of the application. All such motions and comments should be filed on or before May 4, 1999, and must be served on the applicant. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection or on the Internet at <http://www.ferc.fed.us/online/rims.htm>. (please call (202) 208-2222 for assistance).
